

	Project Name	Brawlers Web Application		
	Client	Brawlers		
	Created By	Vineet Singh		
	Creation Date	18/12/2024		
	Approved By	Masai School		
	Approval Date	21/12/2024		
	Test Scenario Id	Test Scenario	Priority	Number of Test Cases
	TS_001	Validate the User Registration Functionality	P0	5
	TS_002	Validate the User Login Functionality	P0	5
	TS_003	Validate the Search and Explore Functionality	P0	5
	TS_004	Validate the Performance of the Application	P0	4
	TS_005	Validate the Usability of the Application	P0	4
	Valid Credentials	Email Id vineet.masai@gmail.com		
		Password clone@321		

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
TS_001	Validate the User Registration Functionality	TC_001	Open the Browser and enter the Url: https://brawlers-017.vercel.app/	Verify whether User is Successfully able to register with valid credentials	1.Open the registration page.	Vineet Singh	User should be successfully registered	User is not registered	P0	FAIL	Sign-up button is not working
					2.Enter valid details (name, email, password).	vineet.masai@gmail.com					
					3.Submit the form.	clone@321					
		TC_002	Open the Browser and enter the Url: https://brawlers-017.vercel.app/	Verify whether User is able to register with invalid Credentials	1.Open the registration page.	Mr.Random	User should not be able to register	User is not registered	P0	FAIL	Sign-up button is not working
					2.Enter Invalid details (name, email, password).	random@gmail					
					3.Submit the form.	let's go					
		TC_003	Open the Browser and enter the Url: https://brawlers-017.vercel.app/	Verify whether user is able to register with existing Credentials	1.Open the registration page.	Vineet Singh	User should not be able to register and a message should be displayed that user already registered	User is not able to register due to error is sign-up button	P0	FAIL	Sign-up button is not working
					2.Enter existing email and valid other details.	vineet.masai@gmail.com					
					3.Submit the form.	clone@321					
		TC_004	Open the Browser and enter the Url: https://brawlers-017.vercel.app/	Verify whether user is able to register with missing mandatory fields	1.Open the registration page.	Vineet Singh	Error message should be displayed for missing fields	User is not able to register due to error in sign-up button	P0	FAIL	N/A
					2.Leave one or more mandatory fields blank.	vineet.masai@gmail.com					
					3.Submit the form.						
		TC_005	Open the Browser and enter the Url: https://brawlers-017.vercel.app/	Verify the password strength	1.Open the registration page.	Vineet Singh	Error message should displayed for weak password	No error messege shown	P1	FAIL	N/A
					2.Enter a weak password (e.g., "1234")	vineet.masai@gmail.com					
					3.Submit the form.	123					

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments	
TS_002	Validate the User Login Functionality	TC_006	User should be already registered to the website	Verify whether User is Successfully able to login with valid credentials	1. Open the login page. 2. Enter valid details (name, email, password). 3. Click Login	Vineet Singh vineet.masai@gmail.com clone@321	User is logged in and redirected to the dashboard	User is not logged in	P0	FAIL	Login button is not working	
		TC_007	User should be already registered to the website	Verify whether User is able to login with Invalid Credentials	1. Open the login page. 2. Enter invalid details (name, email, password). 3. Click Login	Mr.Random random_email let's go	User should not be able to register	User is not logged in	P0	FAIL	Login button is not working	
		TC_008	Email should not be registered	Verify whether user is able to login with Unregistered email	1. Open the Login page. 2. Enter Unregistered email and valid other details. 3. Click Login	Vineet Singh new.freshone@gmail.com clone@321	Error message should be displayed that email not found	User is not able to log in due to Infuctional Login button	P0	FAIL	Login button is not working	
		TC_009	Login page should be accessible	Verify whether user is able to login with empty fields	1. Open the Login page. 2. Leave one or more mandatory fields blank. 3. Click Login	N/A N/A	Error message should be displayed for missing fields	User not able to login	P0	FAIL	N/A	
TC_010	User should be already registered to the website	Verify the Remember me Functionality	1. Open the Login page and enter the input data 2. Click on the Remember me option 3. Click Login	Vineet Singh vineet.masai@gmail.com 1234	User should logged in after closing the website and after reopening it again	Remember functionality is not working	P1	FAIL	N/A
